JOIN US IN OUR GROWING EXPERIENCE

The season starts with seeding bedding plants and onions in February. Field work starts in April, along with prepping for our Bedding Plants Sales. We grow a variety of annuals along with a few winter-hardy perennials. We begin transplanting and seeding in the acre plots around the end of April and will not stop until the frost prohibits us to continue in October. We specialize in the **STAPLES:**
SPRING: Broccoli, Spinach, Lettuce, Radishes, Turnips, Cauliflower, Cabbage, Green Onions, Snap Peas, & Herbs
SUMMER: Cukes, Summer Squash, Basil, Tomatoes, Green Beans, Onions, New Potatoes, Carrots, Beets, & Kale and Chard
LATE SUMMER & FALL: Eggplant, Peppers, more Tomatoes, Corn, Storage Onions, Winter Squash, Garlic, & of course a repeat selection of the Spring: Broccoli, Cauliflower, Cabbage, mixed Greens, Spinach, & Lettuce.

All of these veggies & more can be delivered to your doorstep or picked up at a drop location for 17 weeks in a $\frac{3}{4}$ bushel box.
